

Alternative soft wheat ARTUR NICK

The reference in spring wheat in Spain

ARTUR NICK

ARTUR NICK is awned spring wheat, with high and regular yields, suitable for semi-dry areas or late sowings in the wet ones.

ARTUR NICK is highly regarded by the flour mill factories due to their extensibility, that stand out in spite of the different growing conditions.

Reference variety in spring soft wheat.

ARTUR NICK, one of the most sowed wheat varieties in Spain.
