

Winter soft wheat

# METROPOLIS

An strenght and early wheat

## METROPOLIS

METROPOLIS, due to its cycle, is an **strenght wheat** well adapted to irrigated and fresh drylands. Great tillering capacity and specific weight.

METROPOLIS is a **high quality** strength wheat, due to its W of 300 - 420, low P/L (0,4 - 0,7) and good protein content.

### METROPOLIS, a wheat like few others:

- **Strength, winter and early.**

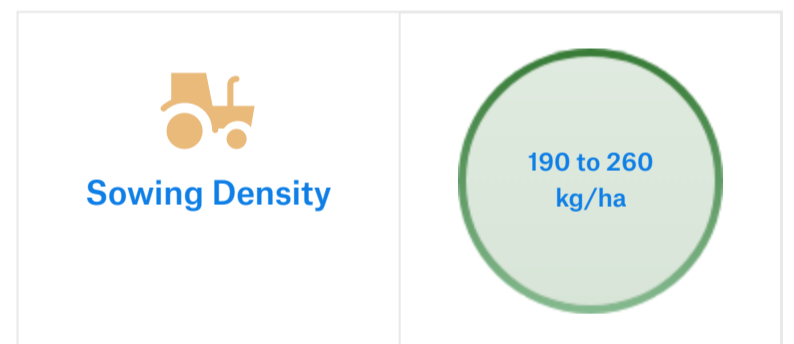

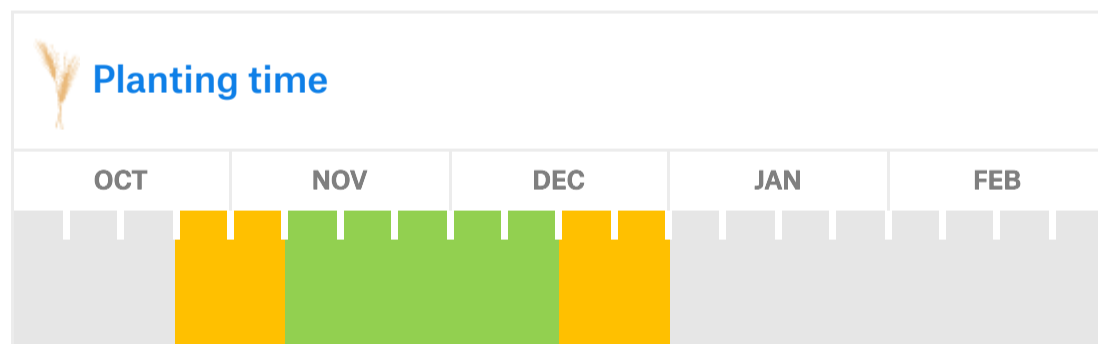

#### CULTIVATION AREA

#### EAR

Awned

## AGRONOMIC CHARACTERISTICS

<b>CYCLE</b>	Winter
<b>PRECOCITY</b>	Very early
<b>CHLORTOLURON</b>	Tolerant
<b>RIPENING</b>	Medium / High
<b>QUALITY</b>	Strenght wheat with low P/L

## DISEASE RESISTANCE
